Account Alerts
Stay informed about activity on your accounts by setting up personalized account alerts in Online Banking or the mobile app. You can create as many or as few alerts as you'd like and customize them for each account.

How to Set Up Account Alerts

1. Log in to Online Banking or the mobile app.
2. Select the account you want to monitor.
3. From the account menu, select **Alerts**.
4. Choose **Balance and Transaction Amounts**.
5. Select **Add Alert**.
6. Choose the type of alert you'd like to receive:
    - **Balance Alert** – Get notified when your balance goes above or below an amount you choose.
    - **Transaction Alert** – Receive a notification when a debit or credit transaction exceeds an amount you set.
7. Enter your preferred dollar amount and choose how you'd like to receive your notifications:
    - Email
    - Text message (SMS)
    - Push notification (available through the mobile app)
8. Save your alert.

Available Account Alerts

- **High Balance Alert** – Receive a notification when your account balance rises above an amount you choose.
- **Low Balance Alert** – Get notified when your account balance falls below a balance you set.
- **Credit Transaction Alert** – Be alerted when a deposit or other credit transaction greater than your selected amount is posted to your account.
- **Debit Transaction Alert** – Receive a notification when a withdrawal, purchase, or other debit transaction greater than your selected amount is posted to your account.

You can create multiple alerts for the same account and alert type using different dollar amounts if you'd like. Setting up account alerts is a simple way to monitor your accounts, stay on top of your balances, and quickly identify unexpected account activity.
